» Inside Chimica & Chemical Business NewsBase (CBNB)

Chimica & CBNB provide chemistry and chemical engineering researchers the up-to-date, trustworthy news and information they need to achieve successful results.

Chimica

A database of literature abstracts created specifically for chemistry and chemical engineering research, Chimica indexes the most influential, international chemistry journals. Weekly updates keep you up-to-date with the latest developments in the field.

Coverage Includes: inorganic chemistry, organic chemistry, applied chemistry, analytical chemistry, chemical engineering, general chemistry

Chimica Quick Facts

- Over 2 million records from 1970-present
- Over 500 international chemistry journals
- Updated weekly

Chemical Business NewsBase (CBNB)

The leading provider of worldwide chemical business news, CBNB offers timely information essential for tracking trends and developments in the chemical and chemical engineering industry. It includes financial and business data from influential chemical companies, the latest industry R&D news, intelligence on government legislation changes, and analysis of economic trends.

CBNB Quick Facts

- Over 300 core trade journals, newspapers, and company newsletters
- Hundreds of books, market research reports, annual and interim company reports, press releases, and other "grey literature" sources
- Updated daily

Why access Chimica and CBNB on Engineering Village?

- **Save valuable time:** Easy-to-use search functionality
- **Gain at-a-glance knowledge:** Faceted results display trends and quickly narrow searches
- **Stay up-to-date:** Customizable email or RSS alerts
- **Streamline research:** Personalization options allow collaboration and results management
